Under the return scenarios that give rise to actuarial surplus, the continued growth in that surplus is attributable to the assumption made in preparing these illustrations that no surplus would be amortized to reduce the employer's normal cost until the System as a whole is 120% funded.

Subject: External Audit Activity Status Report for the Quarter Ended September 30, 2024

---

Attached for your review and approval is our External Audit Activity Status Report for the Quarter ended September 30, 2024. Pursuant to Audit Oversight Committee (AOC) Administrative Procedure Number 2, Reporting on External Audits, County departments are required to communicate the status of all third-party audits, including any significant audit findings identified, to Internal Audit on a quarterly basis. The procedure was established to keep the AOC informed of all third-party audits being performed and any significant findings identified. In addition, as requested by the AOC at its May 9, 2019 meeting, we have included County department reported corrective action taken to implement recommendations related to significant audit findings identified.

To facilitate the AOC's review, we are pleased to include an Executive Summary (Attachment B) that presents the total audit additions and deletions from the prior quarter, and the total current audits in process. In addition, the Executive Summary references any new significant findings and provides a summary of any material issues reported for the quarter. For individual report details, see Attachment C. Finally, for corrective action taken to implement recommendations, see Attachment D.

For the quarter ended September 30, 2024, no new material issues were reported.

If you have any questions, please contact me at (714) 834-5442 Michael Dean at (714) 834-4101.

<b>FY 2023-24</b>

Health Care Agency	Administration/Department Head Transition	Weaver and Tidwell, L.L.P	Review administrative operations, policies, practices and procedures and make recommendations to streamline, reduce costs, expand efficiencies, apply best practices	Audit Underway CEO kickoff meeting with Weaver on 7/10
Health Care Agency	Mental Health and Recovery Services/ Outreach and Engagement	TBD	Homeless and mental health outreach programs are evolving as federal and state policies and funding re-shape how local municipalities address homelessness. HCA's Outreach and Engagement (O&E) program is a cornerstone of the County of Orange's (County) homeless response. As the County increases its focus on addressing homelessness and mental health through an individual-by-individual approach as opposed to a "one-size fit all" approach, it is important that O&E level of resources are evaluated, and performance metrics established to monitor effectiveness. Aside from resource evaluation and performance metrics, the audit will also focus on identifying best practices and additional models for consideration.	Pending Contract CEO is in discussion with vendor to solidify schedule
OC Community Resources	Workforce Innovation and Opportunity Act (WIOA) Program	TBD	In recent years, the Workforce Innovation and Opportunity Act (WIOA) program has become increasingly important to the County. With the launch of OC Cares in 2019, ensuring that there are workforce development programs available for all eligible County residents, especially those in the most vulnerable of populations, has become a major focus. Additionally, as the County demographics changes, it is important that WIOA is prepared to assist County residents with job training and job search. The WIOA program has never undergone a County performance audit. The audit will include, but not limited to: WIOA resources, inventory of WIOA services, WIOA performance as it relates to state regulations and County goals, etc.	Requisition opened
<b>FY 2024-25</b>				
OC Public Works	Development Services (Program Review)	TBD	A performance audit is requested to review OCPW Development Services current operations, policies, practices, and procedures of its core service areas. The audit will identify opportunities for streamlining processes and reducing costs, expanding efficiencies, and applying best practices to enhance service delivery.	Scope of work under development

# Summary

The Quarterly OC Information Technology (OCIT) Project Progress Report provides the status of all County IT projects with a budget of \$150,000 or more and/or that have been identified as meriting the Board of Supervisors’ attention.

The IT projects included in this report reflect the County’s ongoing commitment to align IT with the County’s business values. Projects included in the portfolio cover the upgrade or replacement of aging infrastructure and end-of-life systems and investment in new, innovative, and reliable technology and platforms. These projects also enhance the County’s ability to maintain critical business operations, improve productivity, and deliver more and better services to constituents.

In addition to project status updates, this report also describes the County’s IT overall project performance trends over the last 12 quarters.

## Highlights

### At a Glance

The number of projects in this reporting period is 20, one less than the number reported in the previous quarter. One project, IntraOC Site Design Refresh, managed by OCIT, was completed last quarter. No new projects were added this quarter. The total budget decreased from \$50,561,836 to \$50,406,380.

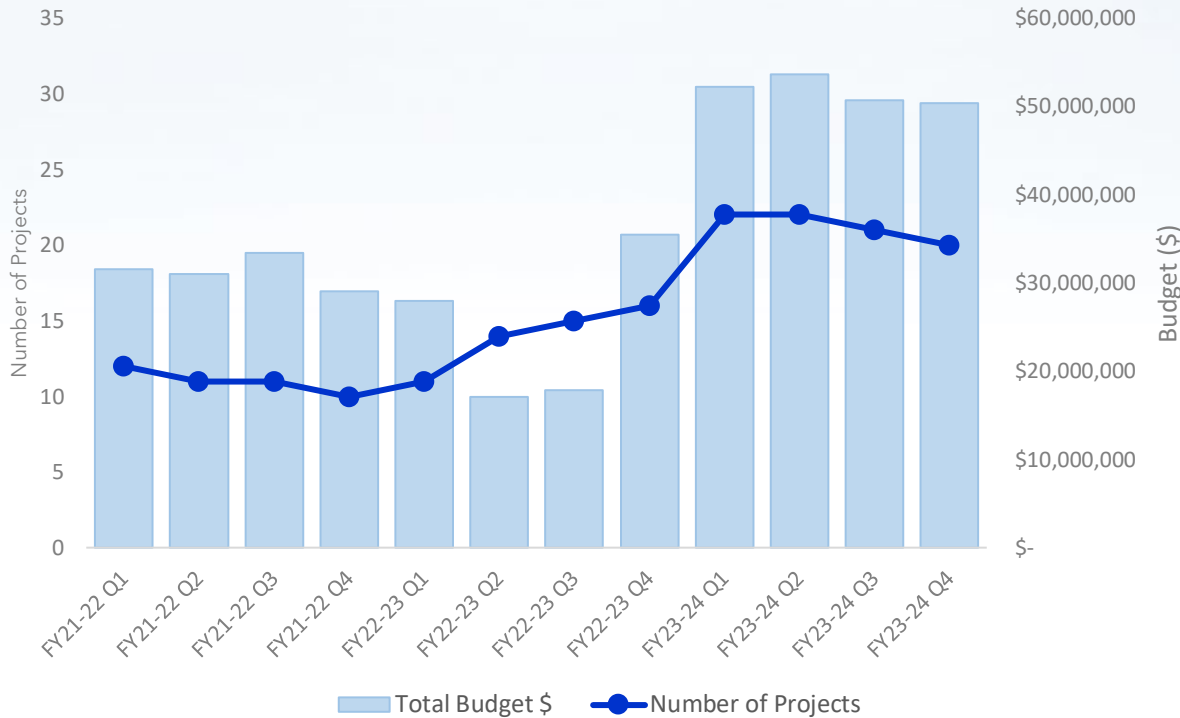

### Key Accomplishments
